- Special Grades:
- The grade "ST" is given to students who internally or externally transfer from another higher education institution or who re-enter our university via the University Entrance Examination held by ÖSYM, for courses they have taken before and the equivalence of which is approved by the Faculty Committee. This grade is not included in the grade point average.
 - The grade "GT" is given for courses which are not included in the grade point average. BDNS is applied if the conditions are met.
 - The grade "UT" is given to students who fail courses which are not included in the grade point average. BDNS is applied if the conditions are met.
 - The grade "ET" is given to students who are exempted without credits after passing a proficiency examination in the courses which are pre-determined by our university senate. This grade is not included in the grade point average.
 - The grade "NT" is given to students who fail because they do not meet the conditions of attendance or the application of the course. This grade is processed as the grade "FF" in the calculation of the grade point average.
 - The grade "BT" is given to students who pass non-credit or training courses. This grade is not included in the grade point average. BDNS is not applied.
 - The grade "KT" is given to students who fail non-credit or training courses. This grade is not included in the grade point average. BDNS is not applied.
